The Works is currently seeking individuals interested in potentially serving as a member of its Board of Directors. The Board is comprised of representatives from Memorial University's student body, faculty and staff, as well as representatives from the community at large. At this time, we are seeking individuals interested in the role of a community representative.

Information on the Boards' roles and responsibilities can be found on our [Website](#). MURC also has established a policy for individuals who are interested and qualified for membership to the Board of Directors and can be found [here](#).

While we are seeking individuals with a variety of experiences and skills, ideally, individuals with previous work or board experience in the sport and recreation field would be an asset. As a board member, you will support the organization with oversight, policy direction, and provide the management team with general direction. Board members make a commitment for a 2- or 3-year term, which may be renewed. The Board normally meets 5-6 times per year in person and/or virtually. MURC aspires to gender parity and representation of underrepresented groups within the Board. This includes, members of visible minorities, Indigenous peoples, members of the LGBTQIA+ community, and persons living with disabilities.

Individuals interested in having their name in the pool of candidates for the MURC Board are asked to contact The Works Director/ General Manager via email cneil@mun.ca or by phone (709) 864-3783.
